

ACT (Action, Collaboration, Transformation) is looking for a Country Project Manager to support our work in Cambodia and Bangladesh. (Full time)

ABOUT ACT

ACT (Action, Collaboration, Transformation) is an agreement between global brands and retailers and IndustriALL Global Union to transform the garment and textile industry and achieve living wages for workers through collective bargaining at industry level linked to purchasing practices.

TASKS AND RESPONSIBILITIES

The Country Project Manager will support country level programme development and implementation work for ACT in Cambodia and Bangladesh. A particular focus will be on the implementation of mutually agreed priorities, roadmaps and country level commitments and monitoring garment and textile sector development. The Country Project Manager will work in a cross-cutting position and will be the focal contact point for country level project implementation.

- Assisting the Executive Director, Senior Programme Manager and the ACT Member Council in consultations with governments, employers and trade unions in Cambodia and Bangladesh
- Developing country level and cross-country engagement strategies in close collaboration with the Senior Programme Manager and national stakeholders
- Supporting implementation, monitoring and compliance with mutually agreed commitments on a country level
- Developing information and communication material on the ACT process on country levels in close collaboration with the communications team
- Work closely with the International Communications Manager on the development and implementation of country specific communications strategies

QUALIFICATIONS

- Master's degree or higher academic qualification in industrial relations, sustainable development, sustainable global supply chain management, labour law or related fields
- Minimum of two years of professional experience with companies, trade unions or international organisations in the field of industrial relations, human rights or corporate social responsibility
- Knowledge about economic and social conditions in the garment industry in producing countries
- Field experience in Cambodia and/or Bangladesh is an advantage
- Solid knowledge about human rights due diligence requirements and international labour standards

- Experience in implementing projects is desirable
- Ability to engage with a wide range of stakeholders on complex issues
- Ability to work independently and as part of a diverse team across multiple time zones
- Demonstrable understanding of wages and international labour standards in the global garment and footwear sector or other global supply chain
